

DETAILED REPORT OF SALMON FISHING OPERATIONS, BY LOCALITIES AND APPARATUS.

It is desired that this information be prepared with accuracy and detail, so far as the packers' records can by reasonable effort be made to furnish it. Different streams in the same bay or sound should be separately reported so far as the catch can properly be credited to each. Catches not certainly referable to particular streams may be reported under the head of the bay, sound, or region.

Species of salmon and names of streams or localities fished.	Number of salmon taken with each kind of apparatus.						Fishing season—	
	Seines.	Gill nets.	Traps.	Lines.	Dip nets.	Other appliances.	Began.	Ended.
